

LALA CONSUMER PRODUCTS LTD.

Operational Performance, Production Benchmarks & Customer Intelligence Report (2025–2026)

CONFIDENTIAL • INTERNAL AUDIT DOCUMENT

1. Executive Summary & Corporate Profile

Lala Consumer Products Ltd. (LCPL), commonly referred to as "*Lala Company*", is a fast-growing Indian fast-moving consumer goods (FMCG) enterprise founded in 2018 and headquartered in Cuttack, Odisha. The company manufactures and distributes packaged agro-commodities, traditional organic spices, cold-pressed oils, and ready-to-eat items across Eastern and Central India.

In the fiscal year 2025–26, the company recorded total annual gross sales of **INR 247.1 Crores**, reflecting a year-over-year top-line expansion of **28.4%**. The manufacturing footprint expanded to 4 operational processing plants, achieving an aggregate production volume of **2,050 thousand units (2.05M units)** in FY 2025 alone, with an average plant capacity utilization of **84.2%**.

TOTAL ANNUAL REVENUE (FY 25-26)

INR 247.1 Cr

+28.4% YoY Growth

ACTIVE CUSTOMER BASE (MAY 2026)

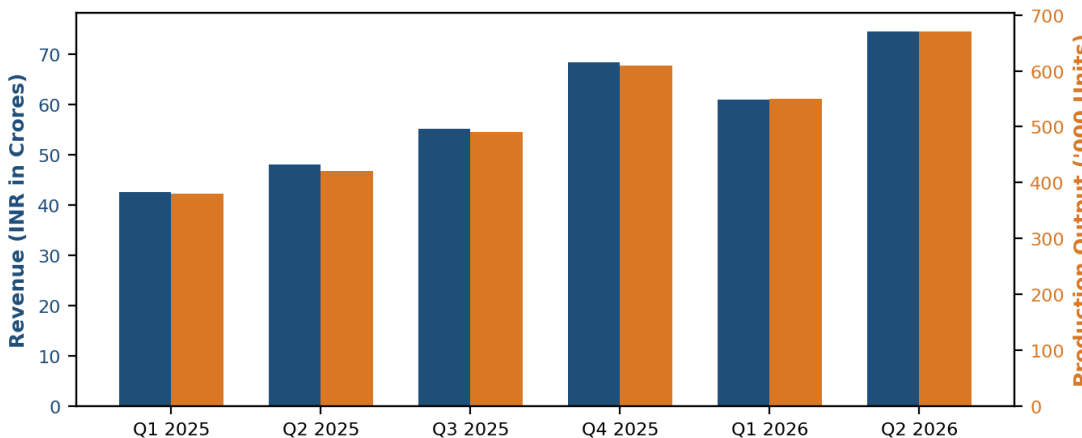

480,000

92.0% Retention Rate

2. Quarterly Sales Revenue vs. Production Volume

Production outputs closely mirrored seasonal consumer demand, peaking significantly during the festive Q4 corridor (October–December 2025) and scaling to an all-time record of INR 74.5 Crores in Q2 2026 driven by summer regional beverage and staple consumption.

Quarterly Revenue vs. Production Volume (2025-2026)

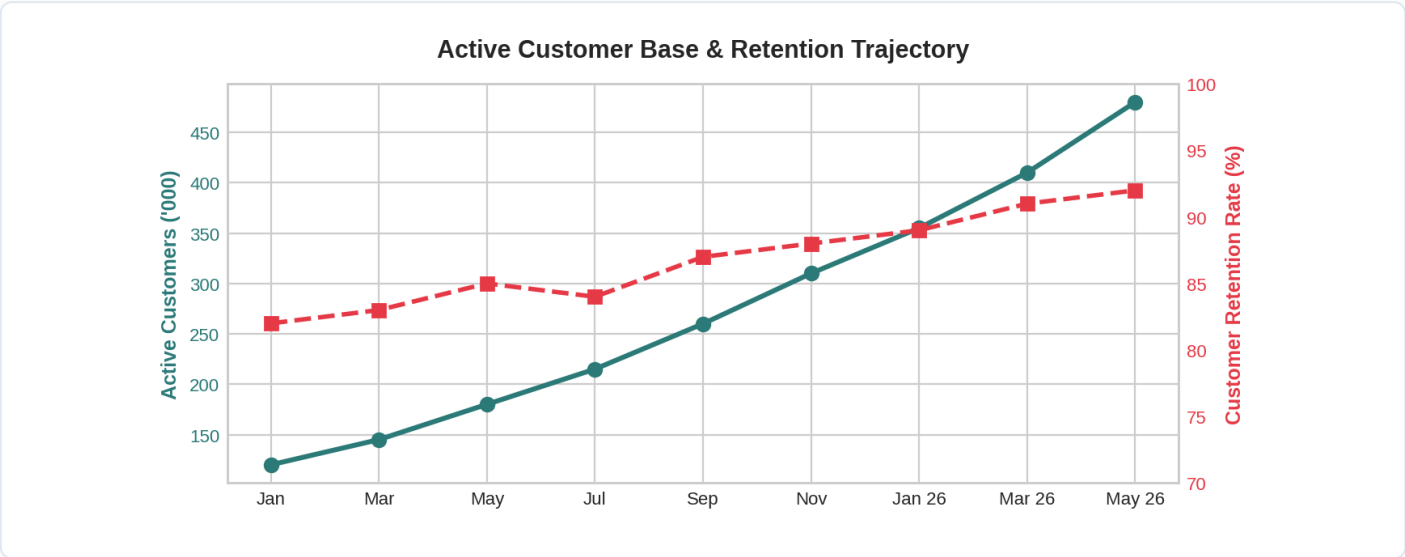

Quarter	Sales Revenue (INR Cr)	Production Output ('000 Units)	Plant Utilization (%)	Operating Margin (%)
Q1 2025 (Apr - Jun)	INR 42.5 Cr	380 k	76.0%	14.2%
Q2 2025 (Jul - Sep)	INR 48.0 Cr	420 k	79.5%	15.0%
	INR 55.2 Cr	490 k	86.2%	16.8%

Quarter	Sales Revenue (INR Cr)	Production Output ('000 Units)	Plant Utilization (%)	Operating Margin (%)
Q3 2025 (Oct - Dec)				
Q4 2025 (Jan - Mar)	INR 68.4 Cr	610 k	93.1%	18.4%
Q1 2026 (Apr - Jun)	INR 61.0 Cr	550 k	82.4%	16.1%
Q2 2026 (Jul - Sep)	INR 74.5 Cr	670 k	95.8%	19.2%

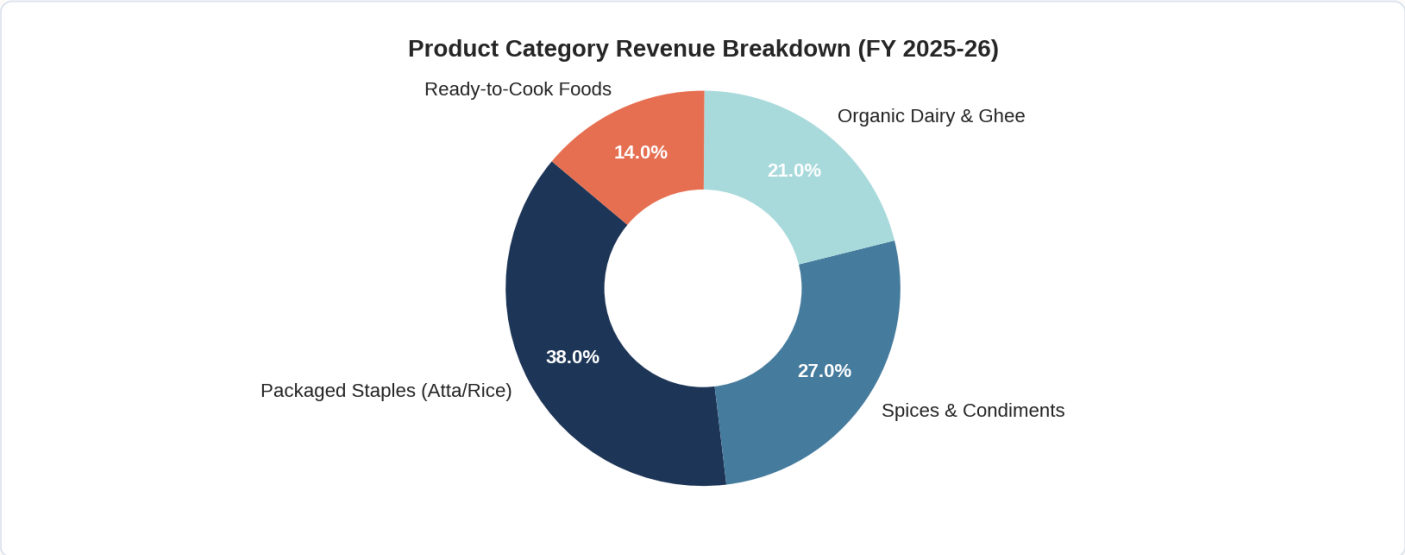

3. Customer Base Acquisition & Retention

Lala Company observed an increase in unique monthly active customers (transacting retailers, wholesale partners, and D2C online shoppers), expanding from 120,000 accounts in January 2025 to 480,000 by May 2026. Simultaneously, partner retention improved from 82% to 92% due to algorithmic inventory replenishment and supplier rebate incentives.

4. Product Category Revenue Distribution

Product sales are divided across four key verticals: Packaged Staples, Spices & Condiments, Organic Dairy & Ghee, and Ready-to-Cook Foods. Packaged Staples accounted for the largest volume share, generating 38% of total gross turnover.

Key Operational Takeaway: High-margin value additions such as Organic Ghee and Ready-to-Cook regional snack formulations accounted for a combined 35% revenue contribution while delivering an above-average gross margin of 24.6%.

5. Supply Chain, Inventory & Distribution Logistics

Distribution Hub	State / Region	Primary Warehouse Size	Daily Dispatch Capacity	On-Time Delivery Rate
Bhubaneswar Central Hub	Odisha (HQ)	85,000 sq ft	45,000 packs/day	97.8%
